ACTIVE LEARNING

Enrichment Classes Tk-6th Grades

Dance

Active Learning's Dance teachers lead participants through creative movement, dance, and physical activities and educate students in various dance genres including technique, footwork, and performance.

Art

Active Learning's Visual Arts teachers lead participants through projects and exercises that will boost students' critical thinking skills and grow their creativity.

Music

Active Learning's Music teachers lead participants in the development of unique skills in music production, improving fine motor and coordination, and applying cross-discipline concepts. Students can choose from an array of musical performance highlights such as Mariachi, vocal, ukulele, guitar, drumming, music band, or deejaying.

Musical Theatre

Active Learning's Musical Theatre teachers lead participants through voice, dance and acting lessons while teaching students various technical elements of stage productions and performance. Students are also involved in stage design, front and backstage elements for the entire performance.

ACTIVE LEARNING

Mission

To foster emotional and physical wellbeing by inspiring children and their caregivers through educational, engaging and impactful arts enrichment.

Goal

To provide students of all ages, backgrounds and skill levels with the opportunity to learn, develop self-confidence and find their passion through the magic of arts education.

Founded in 1999, Active Learning's vision was to incorporate a sanctuary in the school setting that models healthy behaviors, allowing individuals to recognize their inner strengths and infinite talents with trusted mentors. Our award-winning programs prepare students to use their creative talents to develop a sense of identity, independence, discipline, and self-worth.

- **Early Learning Programs:** Direct and in-services in exercise & enrichment for pre-K, TK and Kindergarten.
 - **Outreach Programs:** In-school assemblies expanded learning enrichment programs (before, during and after school).
 - **Teacher Professional Development:** Workshops integrate art, music and movement into captivating lessons that promote creative expression and bring reading and math concepts to life.
 - **Parent Programs:** Family workshops provide inspiring and educational lessons that support child development, arts enrichment, family bonding and self-care.
-
